

## Mouth of Current River

## Embouchure de la rivière Current

This area has been a popular recreation spot for over 100 years!

The location was made popular through both Lake Superior views and the Current River Falls. The area has had a long history of streetcar development, railway development and now protection of an important Lake Superior fishery.

Lorne Allard Fishermen's Park was born in 2009 through a vision of Lorne and fellow Northern Steelhead Association members.

Cet endroit est un lieu de récréation populaire depuis plus de 100 ans ! Il a été rendu populaire grâce aux panoramas sur le lac Supérieur et les chutes de la rivière Current. Cette zone a une longue histoire de développement du tramway et du rail, et maintenant de protection d'un important lieu de pêche du lac Supérieur.

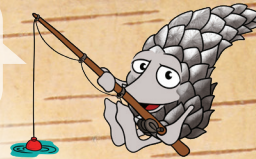

Le parc Lorne Allard Fisherman a été créé en 2009 grâce à la vision de Lorne et des membres de la Northern Steelhead Association.

WHEN I VISITED, THE MOON WAS:

These waters are home to migratory rainbow trout and pink salmon. The warm waters also include walleye, smallmouth bass, rock bass and pike.

**Clue:** Follow the dip in the land toward the river and beyond the asphalt loop. This is a good place to see the grain elevator and the post.

**Scan Me!**
